ABOUT HOLLAND BULBS.

It won't be long now before the Holland bulb salesmen will be around again soliciting orders.

We believe it is to your advantage to purchase your Holland Bulbs from us. Because of our good connections in Holland and large carload shipments, we deliver bulbs earlier, of better quality and grade, at reasonable F.O.B. Los Angeles prices.

Remember when you buy F.O.B. Holland, you pay all the importing and transportation charges, and assume all the risks after they leave Holland. These charges are always more than you estimate.

December 1st, 1947
